Best International Air Freight Logistics Company - Middle East

Noble Global Logistics (NGL) offer a wide range of freight transportation options to destinations around the world. We spoke to Rashed Abuflasa the firm's Managing Director, on how the company's collaborative approach has helped it to become a leader in the freight transport industry:

Whether shipping freight cross the world or in need of offsite warehousing, NGL are able to offer tailored, cost effective and innovative logistics solutions. With a network of global logistics partners and customer focused approach, we pride ourselves on our ability to maintain a professional level of performance in this ever changing business environment.

Established in 2011, NGL has since grown its service offering enormously and also offers consultancy services for importation, customs and licenses in Qatar, U.A.E and the UK.

Our full service offering is vast, and includes air, sea and road freight import and export; charter services; customs brokerage and consultancy; supply chain solution and design; and project management.

The firm's tagline, "We keep your Business Success", epitomises our customer service strategy. We focus on always providing the very best client service, communicating with our clients and adapting to their needs. We liaise

with them on their requirements, developments plans and satisfaction concepts, and aim to ensure that they receive the very best service when they work with us.

Working within such a competitive market it is vital that we set ourselves apart from our competitors. By offering a high quality service we are able to set ourselves apart. Alongside this, NGL's experience and expertise has allowed us to remain flexible and open to the requirements of all our customers. Our knowledge of customs clearance service is puts us ahead of the increasing number of companies in Qatar, UAE, UK and expected in India and China.

Looking ahead we are keen to develop and grow as a business, with a focus on providing a quality service to our clients.

In the longer term we are keen to expand into additional international markets, with an initial focus on India and China, as these two regions are growing rapidly and prove the ideal base for our operations.
